Projects

Portfolio | HTML, CSS, JS | Link
- Presented my work and skills in a visually engaging format.

NoteNest | HTML, CSS, JS, Bootstrap | Link
- Developed a Notes App using HTML, CSS, and JavaScript, utilising local storage for data persistence.
- The application allows users to create, edit, and delete notes, with a search functionality to filter through existing notes.
- Implemented a responsive design using Bootstrap for a user-friendly interface and incorporated features such as dynamic theme switching and a scroll-to-top button for enhanced usability.

CampusRights | HTML, CSS, JS, React.js, Bootstrap | Link
- Developed a responsive web app to inform college students about their legal rights, focusing on sexual harassment and academic integrity.
- Created an intuitive user interface with interactive features.
- Supported a daily average of 80+ engaged users.
